- Less than 5%

Long-term Unemployment Rate²

- More than 10%
- From 8% to 10%
- From 6% to 8%
- From 4% to 6%
- From 2% to 4%
- Less than 2%

Inability³ to Afford Paying for One Week Annual Holiday away from Home

Households Making Ends Meet with Great Difficulty⁴

Notes: 1. A job is temporary if its end is determined by specific date, completion of a task or return of another employee. 2. Long-term unemployment rate refers to 12 months and more, people aged at least 15, without work for the next two weeks but available to start work and that are seeking work. 3. The percentage of people who cannot afford paying for one week annual holiday away from home, regardless if they want it. 4. Percentage of people that see themselves as having great difficulties in making ends meet, assessment based on a subjective non monetary indicator (values from 1 to 6).
